FISH

The State of Oregon is one of the great natural fresh fishing capitals in the world! This is particularly true in the Cascades very near our condo.

Be sure you have all your fishing permits. Salmon River – right next to us – has only certain areas that are allowed for fishing. Be sure to contact Dept of Fish & Wildlife (ODFW) for more information.

SKI/MOUNTAIN BIKE

Don't forget your auto pass if you need one. They are seasonal and you can buy them at the Thriftway grocery store or at any of your sporting good/ski shops as well as right up there at the ski resorts.

If you have never tried night skiing, it is a blast!

And if you're a mountain bike enthusiast, some of the lifts are open in summer solely for mountain biking. Check it out!

HIKE

These are by no means the only hikes in the region. There are probably a million of 'em. But consider this a starter kit for local hikes around the Welches/Mt Hood wilderness area.

CONSIDER: Some of these hikes are short, and some more than 20 miles long (heck, PCT is **2,650 miles long!**). Some have level ground hiking, some have sharp vertical climbs. Investigate the longer hikes before you go, and know what you're getting involved with.

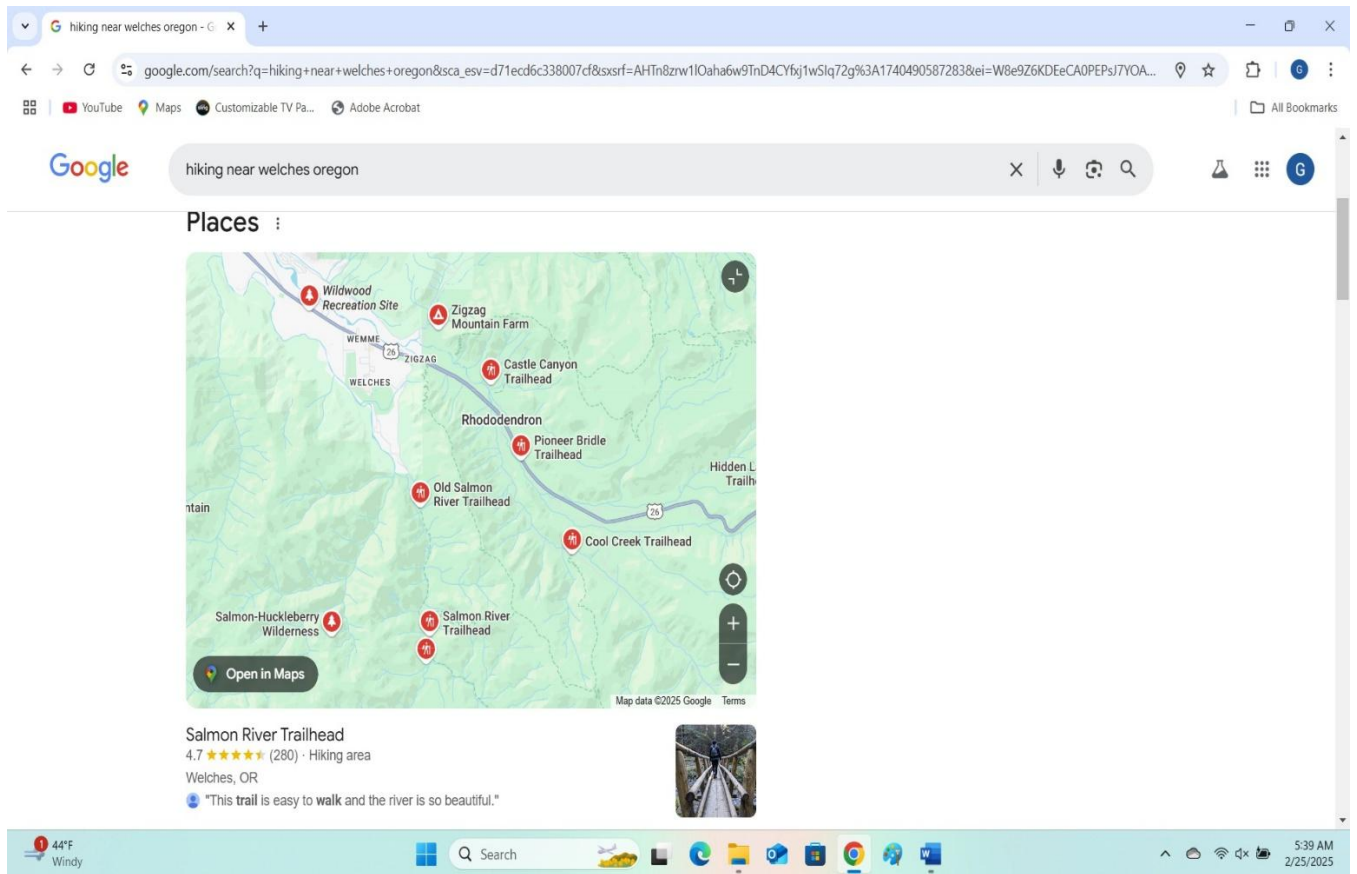

Bring plenty of water and snacks, a whistle and a flashlight if you are going on a longer hike.

If you are a **Pacific Crest Trail enthusiast**, you can catch the trail right east of Timberline lodge or at Frog Lake.
